## Cardiff v. Llandoverly

SATURDAY, 10th FEBRUARY, 1990  
KICK-OFF 3.00 p.m.

The Schweppes Cup is certainly a trophy that can create elation one minute and then a kick in the teeth in the next. Take our own position at home in the Schweppes Cup and you will see that it is not only the club but the players in the dispiriting tribulation of not being able to play Newport today. As our oldest and most played opponents these games are always eagerly anticipated and usually generate a special kind of atmosphere. Their twice delayed in the Schweppes Cup however takes precedence so hopefully we will be entertaining The Black and Ambers later on in the season. This will not be easily arranged however because last Saturday's game at Ebbw Vale which fell foul to the weather also needs re-arrangement.

It was no easy task either to get a game hurriedly arranged for this afternoon. The RFU cup has this afternoon left several English clubs at a loose end but they had all rearranged prior to Newport's second washout last Saturday. Accordingly we were very pleased when West Wales club Llandoverly said they would be only too pleased to plug the gap.

A quick look into our records show that although Llandoverly are one of the founder member clubs of the WRU we have not met at first team level prior to today. Indeed the first Welsh XV to be fielded after the WRU was established in 1881 contained two Llandoverly players - E.J. Lewis and T.A. Rees. The records do show however that we did meet Llandoverly College on one occasion when we clashed in the Old South Wales Challenge Cup in 1879.

At present Llandoverly are in fifth position of Section A of the West Wales League having won promotion last season. The players kept to maintain the position even though the able presence of the top five clubs will be part of National Leagues when they are introduced next year.

The Schweppes Cup have given them the opportunity of a crack at the big guns and indeed their victory over Pontypridd in the second round of the 1984-85 competition ranks amongst their most memorable victories. This year they lost to Bridgend in the last round but still gave them the satisfaction of being in the last 16 for the first time.

Present day top players who were once associated with the club are plentiful but perhaps the best known are Garwyn Davies of Llanelli and Aled Williams of Bridgend. The latter of these is the son of the president of Llandoverly Dr Tysall Williams.

To Llandoverly then we extend a very warm and grateful welcome for filling in at such short notice. Due to extenuating circumstances today's programme is a rather abridged version but it in no way deters our thanks and welcome to Llandoverly. We sincerely hope that everyone who journeys to Cardiff today will enjoy their visit.

Finally today I'm sure you would all like to wish Dai Young every success in his new career. His stay at Cardiff wasn't all that long but his contribution was enormous. What a great pity he could not have stayed until after our next cup round. Although only 22 he was renowned for his ability to play for the club for an amazing 10 days then we say all the very best of luck both on and off the field in your future new job.
